## RÄDSLÅ

Du är inte ensam om att vara rädd. Alla är det ibland. Både människor och djur. Det kommer alltid att finnas stunder i livet som är läskiga. Men du måste vara stark när andra tvekar. Du måste våga se det läskiga i vitögat. Våga möta det som är farligt. Våga möta rädslan.

Du är starkare än du tror, modigare än du tror och du klarar av mer än du någonsin tror är möjligt.
